

Ian Blum
Animation Supervisor,
Life of Pi and Alvin 3

December 17, 2014

To Whom It May Concern:

I have had the pleasure of working with Sravan Kumar Nunna as his animation supervisor on Life of Pi and Alvin 3 at Rhythm and Hues.

Sravan immediately impressed me with his acting and physics, and quickly became one of my best animators that I trusted with challenging shots. He is very motivated, hard working and takes direction well.

I hope I have the opportunity to work with Sravan again, but in the meantime, I would highly recommend him for any relevant position for which he's being considered.

Please feel free to contact me if you'd like additional information.

Sincerely,

Ian Blum
